

In association with the Local Independent Charities of America, CVBT is pleased to offer an online giving system referred to as GiveDirect. This system allows a visitor to our web site the opportunity to make an instant, online gift to CVBT via a secure, encrypted web server. Donors can give using their Visa, MasterCard, or American Express. The gift is confirmed with the donor immediately via email. The advantage of using this system is that, other than a small fee for American Express transactions, it costs CVBT absolutely nothing. Thus we receive the entire amount of your gift and pay no individual transaction and monthly fees. GiveDirect may also be used for purchases and annual meeting registrations. In addition, a donor may set up regularly scheduled recurring payments. This is a very easy, painless way to schedule your contributions throughout the year. We hope that you will consider this method in increasing your membership category. Remember, Active Members (\$135 level) receive a free copy of our **annual journal**, [*Fredericksburg History and Biography*](#).

As a result of the positive response we have received from donors using the GiveDirect system, we have decided to discontinue our merchant credit card account. This means that we will no longer be accepting credit cards via the mail or by telephone. We hope that this action will not inconvenience anyone but the savings to CVBT are substantial. By using GiveDirect, your donation is maximized resulting in more funds to preserve "Dirt and Grass".

Thank You for your continued support,

Central Virginia Battlefields Trust
